Rally Cancellations :

The Robin Hood Stages and the North Humberside Stages have been cancelled. Both due to a lack of Entries. The Robin Hood lost it's BHRC Historic status this year and the North Humberside lost it's BTRDA status and the effect of the credit crunch is now affecting events.

The John Overend Stages will not be running at Melborne in May because of problems with the land owner after a car struck a slurry pie at the venue last year causing damages.

From NHMC website

"Due to problems at the venue, the 2009 John Overend Memorial Stages Rally will not be able to run as intended on Melbourne Airfield this year - we hope to be back there in 2010. Alternative venues are being considered for this year and the situation will be updated here in due course."
